Kane Called East By Mother's Death

County Controller Thomas J. Kane left by train Sunday for Cincinnati, O., to attend the funeral services of his mother, Mrs. M. J. Kane, who died that day.

Mrs. Kane, who was 70, was known here as she and her husband, who survives her, spent the Winter of 1937-38 visiting here. The couple celebrated their golden wedding anniversary last Summer which the controller went east to attend.

Besides their only son and husband, Mrs. Kane is survived by two daughters, Mrs. C. P. Blaney and Mrs. Frank Wetzel of Cincinnati.

CAR WASHER JAILED

Ted Bradford, 37, a carwasher in San Mateo, was arrested Sunday night on a charge of theft. He is accused of stealing $15 from a Richfield service station last week. He is being held on $1000 bond.

3 Teachers Miss Sequoia Reopening

Nearly all of the 1767 enrolled students, six new transfers and all but three members of the teaching and administration staffs returned to Sequoia High School Tuesday for the home stretch of the 1939-40 school year.

Instructors who did not turn up for work Tuesday, all because of illness, were Mrs. Donald Kauffman, English teacher, who will be back tomorrow; Carl Anderson, home gardening instructor, and Miss Julienne Wolters, vice-principal and student counselor, who is suffering from an attack of influenza.

New students include Gertrude Page, former resident of Redwood City, who has been attending school at Riverside; Joan Allred of Ogden, Utah; Milton and Johnson Lew of San Mateo; Borris Wolger of San Francisco, Joyce Chamberlain, Mineral Wells, Tex.

Nobura Omse, just over from Japan and as yet unable to speak or write English, attended classes today but was advised to enroll in either the Redwood City Evening School or a San Francisco school in order to learn to speak English.

Miller Now On Thrice Weekly

Answering requests, Chesterfield Cigarettes will sponsor Glenn Miller's orchestra and the Andrews Sisters three times weekly, instead of once a week as originally announced. The new

GLENN MILLER, New Dance King, now broadcasting over Coast-to-Coast C.B.S. Network, three times weekly, for Chesterfield.

program, introduced in a half hour broadcast Dec. 27, is heard now each Tuesday, Wednesday and Thursday at 10 p.m., EST (7 p.m., PST).

Glenn Miller's is said to be America's favorite dance band today, leading others in record sales and making box office history in personal appearances. The Andrews Sisters are the most popular singing trio that ever came down the pike, both on records and on the variety stage, according to Chesterfield, which claims to have scored a coup in bringing these stars together for the radio audience in their first regular sponsored broadcasts.

Miller is 29 years old. For years, he arranged and played for Tommy Dorsey, Benny Goodman and Ray Noble, forming his own band only when he could assemble musicians suitable to the new dance style which brought him fame. Time Magazine recently said, "The Chesterfield Hour conferred Swing's Pulitzer Prize on Miller by signing him to take Paul Whiteman's place."

The Andrews Sisters are from Minneapolis. They've been singing ever since they can remember—but it took them years of hard work before recordings of "Beer Barrel Polka" and "Well, All Right" were hits with the public this year. Every release since then has clicked. LaVerne, Patty and Maxene love to sing and dance, they're friendly and charming, are all excited that they're joining Glenn Miller on Chesterfield's big new program!

Sale of County Lots for Small Sums Is Scored

Announcing he is "frankly suspicious" of the delinquent tax property sale system in San Mateo County because property is selling for as little as $10 a lot, Supervisor John A. Lynch of Burlingame has launched an investigation which may bring widespread changes.

Objectives of the investigation, Lynch said, will be:

1. To determine what delinquent lot sales system is in use in other counties.

2. To correct the San Mateo County system to bring about better prices at public sales.

PRIZED BY REALTORS

"There is a nigger in the woodpile somewhere," Lynch told the board of supervisors, "when lots can sell for as little as $5 or $10. No piece of property in San Mateo County is worth as little as that. There is something wrong and there must be some answer. Perhaps we need an expert real estate man to take charge."

Asst. Dist. Atty. Daniel E. Sullivan said some of the most astute real estate operators made a constant practice of buying delinquent lots in San Mateo County and considered them the best investment in the West.

Board Chairman H. H. Smith suggested that the county collect a $15 fee when the lot is sold and undertake to guarantee clear title. Sullivan explained that the title companies would not insure tax lot titles without a suit against all persons claiming any interest in the redeemed tax land.

THREE TO INVESTIGATE

"The man who owns the lot must pay the full tax bill and penalties," Smith pointed out, "but his neighbor may buy it at a tax sale for almost nothing."

At Lynch's suggestion, Smith named a committee of three to investigate. Smith appointed Supervisors Lynch, Fred E. Beer and Alvin S. Hatch.

Recorder Fees Hit New Peak

For whatever else 1939 may have been noted, it established two records in San Mateo County which speak well for the immediate future. The records:

1. $2,889,573 in building permits for the rural area, the largest figure attained, indicating the county's continued march in the vanguard of America's most rapidly growing districts.

2. $46,179.40 collected in fees by County Recorder T. Clark Rice, another record-shattering figure, indicating the county's busiest year in real estate transfers, from which the office receives the bulk of its income.

Asst. Bldg. Insptr. A. W. Russell announced that 1939 brought 636 new residences to rural San Mateo County—a far larger number than any single municipality. San Mateo, Redwood City, and Burlingame combined could count only 784 new homes.

In December alone there were 42 new residences, and alterations to 13 others, to make up the bulk of the 67 permits with a building value of $202,600. The county inspector's office collected $1113.35 for the month.

Rice said 1939 was the busiest year in his long experience. The previous record amount turned over to the county treasurer by his office was $44,182.40 in 1937. The figure was $42,755.50 last year. In 1935 the office income was $30,330.40, passing the $40,000 mark in the next year. Total income for the office for the past five years is $202,894.15.

Because the December books will not be totaled until tomorrow, Rice took figures for each year as of the 12-month period before Nov. 1.

Jobless Benefits Show Large Gain

Unemployment insurance payments to California residents last November were $3,762,243.73, according to Wade Sargent, manager, San Mateo office, Department of Employment.

The usual monthly reports contain only four check writing periods, but the November report represented five weeks of payments.

In the San Mateo district, a total of $19,914.17 was distributed, compared with $16,126.81 in November, 1938.

Increases resulted largely from the liberalized emergency benefit program adopted by the legislature last January.

FAMOUS BOYS STARRED IN STORY

Jackie Cooper and Freddie Bartholomew share co-starring honors in their new film "Two Bright Boys" which opened yesterday at the Redwood Theater. "Legion of the Lawless," all new western, completes the program.

Drug Salesman Takes Own Life on Coast

The body of a man identified as Paul Simpson, about 28, San Francisco drug salesman, was found in the carbon monoxide filled luggage compartment of a car registered to his mother, Mrs. Imogene Simpson, Wednesday on the Coastside.

Coroner William F. Crosby said the man's death apparently was suicide but that no motive for his act had been discovered.

B. O. Ballow of San Bruno, employe of the Globe Wireless Station near Moss Beach, saw the car parked near the station when he went to work shortly before 6 a. m. Later he investigated and saw a vacuum cleaner hose leading from the exhaust pipe to the closed luggage compartment.

There are seven authenticated signatures of Shakespeare in existence.

Disincorporation Vote Set at Bayshore City

BAYSHORE CITY, Jan. 3 — Bayshore City will vote on disincorporation Feb. 5 as a result of a resolution passed last night by the city council.

The resolution was presented as the result of presentation of a petition containing 226 names favoring the disincorporation. Reason is the closing of the dog track which, by its $10,000 annual license fee, paid all the city's expenses.

Bernardina Rapsey Dies in San Bruno

SAN BRUNO, Jan. 1 — Bernardina Rapsey, mother of City Judge Rudolph Rapsey, died here yesterday. She was 80 years of age and a native of Germany.

Funeral services will be conducted at 8:45 a.m. tomorrow from the San Bruno Funeral Home, thence to St. Bruno's Catholic Church where a mass will be said at 9 a.m. Interment will be at Holy Cross Cemetery.

How To Relieve Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

Mary Huddart Will Benefits Charities

Miss Mary Huddart, long-time resident of Woodside who died Dec. 27, left an estate in excess of $10,000 to relatives, friends, and charities, according to a will filed in superior court Tuesday.

The will was dated Aug. 22, 1939. Ten days later she penned a codicil which cut off her gardener, Robert Turtle of Woodside, and his wife, Ella. The will had bequeathed him $500, her $50. The codicil merely noted that they were no longer in her employ.

To Woodside Congregational Church she left $400 cash besides three paintings provided a parish house was built or commenced prior to her death. Since the parish house has not been built the paintings are to go to the San Mateo County Board of Education, under terms of the will.

Other charitable bequests included $250 to Salvation Army, a like amount to Volunteers of America, and $75 to Child Home Society of California at Oakland.

She left articles of furniture and painting to Frank Huddart, nephew, Oakland; Edith DeArmond, niece, Chicago; Ruby Baker, niece, Berkeley; and Ruth Richards, niece, Berkeley.

To her grandnieces Betty Baker and Jane DeArmond Wilson, and grandnephew, John Baker, she left paintings, rugs, and $500 each. To Peal Schock of Hoopa (Humboldt County), she left a sewing table, and to Mrs. Louis de Fremery of Oakland a painting. She left $150 each to Louise Mahan, 446 Forest Ave., Palo Alto, and Marjory Simon, 534 Forest Ave., Palo Alto.

Named executor is Albert Baker, husband of Ruby Baker.

The residue of the estate is to be divided among Ruby and Albert Baker, Edith DeArmond, Frank and Margaret Huddart,

Guardians Named For Maude Howard

The estate and person of Miss Maude Howard, 74, of Burlingame has been placed in the hands of guardians by Judge Maxwell McNutt. Miss Howard is the daughter of the late Charles Webb Howard, one of the principal owners of the Spring Valley Water Co. and business associate of the late William P. Bourn, who established the fabulous Filoli estate.

Dr. Will Rebec of Belmont and Fred P. Howard of Ross, her brother, were named guardians of Miss Howard, and the American Trust Co. was named guardian of her estate. Its value is in excess of $10,000. Joseph J. Bullock represented the guardians.

Designs "March of Dimes" Button

Valeria Bond, San Francisco artist, designs emblem for the 1940 "Fight Infantile Paralysis" campaign to be held throughout the nation from January 15 to 31, 1940, inclusive. Miss Bond is shown with George W. Baker, California State Director of the campaign, who two years ago conceived the idea of the "March of Dimes."

MENLO PARK NEWS NOTES

WILLIAM DOYLE PASSES

MENLO PARK, Jan. 4—William Tecumseh Sherman Doyle, brother of E. M. Doyle of Menlo Park, passed away at his home in Caracao, Venezuela, Tuesday at the age of 63. He was born in Menlo Park, the son of John T. Doyle, the famous lawyer who settled here in the sixties in partnership with his brother-in-law, Senator Casserley. They purchased large tracts of land extending from the bay to the foothills. The deceased was named after the noted Civil War general who was a classmate of the elder Doyle at Georgetown College, Washington, D. C. The deceased was at The Hague conference representing his father in the settlement of the famous Pious Fund litigation and won distinction by his able presentation of the case.

Doyle left here over 30 years ago, but old timers remember him as a tall, handsome, blond young man with a suave manner and a pleasing and charming address. Young Doyle made his home in Washington for many years and for some time was a solicitor under Secretary of State Elihu Root. He accompanied the latter to South America and became the American statesman's right-hand man. Mr. Doyle went to South America as the representative of Royal Dutch Shell Co. in 1913, remaining there until his demise. Mr. Doyle spoke French and Spanish fluently. He is survived by a son and daughter, John T. Doyle, living in Bakersfield, and Mrs. Arthur Bonel of Santa Fe, N. M.

Mrs. Rose Lynch left New Year's Day for Reno, Nev., for a visit with her brother, J. B. Lynch who was taken ill last week. Mr. Lynch is the purchasing agent and superintendent of grounds for the University of Nevada, a position he has held for the past 30 years.

John Shortridge and his pretty wife spent the holidays with Senator Shortridge. Mr. Shortridge is the assistant city attorney of Bakersfield and is among the leading lawyers of that thriving city.

John Bracesco, a Menlo Park pioneer, passed away at his home on Santa Cruz Ave. Tuesday at the age of 92. He had been confined to his residence for years owing to his infirmities. The deceased is survived by three children, Mrs. Mary E. Cooley, San Carlos, and Agnes and Frank Bracesco and a granddaughter, Mrs. Frank Roach. The deceased was a native of Italy but as a young man came to Menlo Park. He was buried from the Church of the Nativity Thursday morning.

The rainfall for the present storm up to Thursday morning has been 1.85 inches, making a total of 3.19 inches for the season as compared to 4.17 at this time last year. This is far below normal.

Joseph Blanchard, proprietor of the City Market, was stricken with a heart attack Monday evening and was taken to Mills Hospital in San Mateo. He is recovering slowly, but it will be some time before he will return to his market.

James Cardinale, 16, passed away at Palo Alto Jan. 1. The family resided at the Agaard Manor on Oak Grove Ave. until a short time ago. He was a student at Sequoia High School and was an unusually bright boy. He is survived by his mother and several sisters and brothers.

The dedication of the new city hall last Saturday night drew out 300 persons to inspect the headquarters of the city's government and to enjoy the program. City Atty. James O'Keefe was chairman of the evening. The principal speaker was Sen. Samuel M. Shortridge, who in his usual eloquent manner congratulated the council for its accomplishments and the people of Menlo Park for their generosity and progressiveness. The well-arranged program was well received and applauded.

The local community was shocked at the untimely death of Elinor Longfellow, daughter of Mr. and Mrs. Richard E. Longfellow, who died Wednesday, Dec. 27, at her home in Palo Alto after an extended illness. She was born in Los Altos and spent her early girlhood in Menlo Park, where she attended Central Grammar School and later Sequoia High School in Redwood City. For the past two years she has resided in Palo Alto. She is survived by her parents and a brother, Richard, and two sisters, Ruth of Palo Alto, and Hilda Duluque of Oakland. Funeral services were held in Roller and Hapgood Chapel, Palo Alto, with interment in Alta Mesa Cemetery.

Home Building Activity Gains In Menlo Park

MENLO PARK, Jan. 1—Menlo Park, for the 12 months ending last Saturday, reported $519,420 worth of permits granted, the major share of them for the erection of private residences, it was disclosed today.

This half million dollars worth of building tops 1938's total of $310,000 by almost 80 per cent

Outstanding developments the past year have been in the Paraiso Park section, and in the Felton Gables subdivision. Stanford Park annex continued to grow, and business concerns contributed several new buildings along El Camino Real.

The principal volume of permits was represented by single type dwellings which averaged $5000 apiece.

Almost a hundred new residences were undertaken within the year.

Permits granted during Dec. were:

Mr. and Mrs. George Webb, residence in Paraiso Park, 1231 University Dr., $4000.

Mrs. Sophia Armstrong, residence, 875 Paraiso Ave., $4900.

E. E. Gardner, residence, Paraiso Park, $2000.

Ronald Midgley, residence, Paraiso Park, L. E. Withgitt, $4000.

John Fracchio, residence in Stanford Park annex, $3500.

Mrs. Mary Rahjte, alterations to residence on Mills St., $1000.

Louis Beltramo, residence, Stanford Park, $4800.

The population of Soviet Russia is 170,000,000.

CAR HITS FIREMAN

BURLINGAME, Jan. 1—Eugene Biscay, 25, Burlingame fireman, received minor injuries last night when he was struck by a car on California Dr. in front of the fire department as he was standing beside another car giving directions to a motorist. Biscay was taken to Mills Memorial Hospital and treated for a cut in the side.

Lake Winnipeg, in Winnipeg, Canada, is larger than Lake Erie.

The average man has 7000 to 10,000 words in his vocabulary.

White cats are always deaf if bred from white stock.

POLICEMAN'S NEW-BORN SON WINS 'STORK DERBY' IN SEQUOIA DISTRICT

The stork finally came in Tuesday, and left his precious bundle at Middlefield Hospital in Redwood City.

The first child of the New Year for a Sequoia High School District family was a boy, born to Mr. and Mrs. George G. Kirchner of Brittan Ave., San Carlos, at 12:13 a.m. Tuesday. The father is a police officer in San Carlos. The baby, who weighed 7 pounds 15 ounces, has been named William George. Both he and his mother are "doing nicely." Dr. W. H. Taylor was the attending physician. The Kirchners have one other child, Carol Ann, 2½.

By becoming the first child born this year to a Sequoia district resident, Baby Boy Kirchner wins for his parents a half dozen gifts offered by local merchants to the winner of the "stork derby." They are a dozen cans of baby food from Territo's Super Market, a $2.50 merchandise order from J. W. Brooks Furniture Co., six 5x7-inch photos of the baby from Broadway Studio, a $1 savings account at First National Bank, a chenille bedspread from Ryan's Furniture Co., and a $3 warming dish from Hull Bros. Hardware. Parents of the child will be presented by the Tribune with letters entitling them to the merchandise.

STABBING VICTIM IS MOVED

Mrs. Ada Clare Blair of Menlo Park, critically wounded in a stabbing affray Dec. 22, was moved from Palo Alto Hospital to Community Hospital Saturday afternoon. Her condition was described as serious but not critical. Jailed on charges of assault with a deadly weapon is A. C. Clark, father of her two children, whose preliminary hearing is scheduled for Jan. 10.

Civil Service Study Pushed

A definite step toward establishing retirement pay for employes of the City of Redwood City was taken by the city council Monday when it authorized the State Employes Retirement System to make an actuarial survey of the cost of instituting such a plan here. Cost of the survey, the council was informed by letter, will be about $247.50.

Councilmen agreed that it was desirable to establish a retirement system for all city employes, including the 9 firemen, 12 policemen, 37 other city employes, 2 regular Port of Redwood City employes, and library workers. In this connection, Councilman McCarthy reported that the civil service committee planned to hold meetings this month and make a recommendation about Feb. 1.

★ ★ ★

MODEL HOME EXPENSE ALLOWANCE UNCHANGED

In a chilly atmosphere, with tension strained, the council declined to reconsider its action of Dec. 18 in allowing only $450 of a $957 bill presented by A. J. Wilbe, local builder, for expenses incurred in keeping the exposition model home open.

Upon being asked by Wilbe for a statement of reasons why the amount was cut, councilmen explained that their contract called for him to keep the house open approximately six months, beginning May 1, but that it had been open only about three months, starting July 8.

After considerable discussion during which tempers of some councilmen appeared strained, Wilbe conceded defeat.

"I'll take that settlement rather than argue about it," he declared, and to a remark by Councilman Anderson that "we are all sorry there was a misunderstanding," added: "So am I; it cost me money."

★ ★ ★

LICENSE FEE CHANGES DELAYED FORTNIGHT

Other action by the council:

Postponed for two weeks consideration of a proposal to revise license fees, as suggested Dec. 18 by a council committee. Meantime, City Atty. Albert Mansfield will put into tentative form an ordinance which would change the fees as suggested by the committee.

Voted, on motion of Councilman McCarthy, seconded by Councilman Anderson, to commend the Bel Canto Chorus members, and particularly Director Eugene Fulton, for presenting the Christmas concert at Sequoia High School Auditorium Dec. 19.

Delayed for two weeks further consideration of the proposal to extend Cedar St. pending further investigation by the city attorney.

Approved restaurant license for Irene Halford and Ruth Montgomery at Dodge's Redwood Bowl, 2116 Broadway.

Referred to City Manager C. L. Dimmitt a proposal of Mrs. J. H. Ott, 210 Lexington Ave., that the street on which she lives be paved. Dimmitt is to sound out other property owners on a proposition to institute public proceedings to finance the project.

NOTICE OF HEARING PETITION FOR ORDER DIRECTING THE EXECUTION OF DEED OF TRUST.

No. 7987

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of JOSEPH A. GEMUR, also known as JOSEPH GEMUR, also known as J. A. GEMUR, Deceased.

NOTICE IS HEREBY GIVEN that Clara E. Oeschger, who is interested in the above entitled estate, has this day filed in this Court for hearing a petition for order directing execution of Deed of Trust as provided by Sections 830 and 831 of the Probate Code of the State of California, and that the hearing of said petition has been fixed for the 8th day of January, 1940, at the hour of 10:00 o'clock a.m. of said day, in Department No. 1 of the above entitled Court, in the Court House in the City of Redwood City, County of San Mateo, State of California, at which time and place all persons interested in said estate are notified to appear and show cause, if any they have, why said petition should not be granted.

Reference is hereby made to said petition on file herein for further particulars.

DATED: This 21st day of December, 1939.

W. H. AUGUSTUS, Clerk.
By MURA B. STILLESON, Deputy Clerk.

S. F. Committee Aids Skyline Plan

Promise of co-operation of the Regional Service Committee of San Francisco, the State Highway Commission and the Save-the-Redwoods League in the program to enhance the beauties of Skyline Blvd. was announced Monday.

At the same time Highway Commission Chairman Lawrence Barrett of San Mateo said he would attend the next meeting of the sponsors of the program to be held soon.

"At that time we will be able to indicate what the commission will be able to do toward assisting the project," Barrett declared. "The commission naturally is very much interested in view of its own program which already has accomplished a great deal in the state."

20 NEW HOMES PLANNED

Construction of 20 new homes in San Carlos Gardens, Lyon & Hoag tract in San Carlos, was assured today with transfer of 20 lots by the subdividers to Roy D. Gover, builder. Gover paid $19,000 for the property, it was indicated by stamps affixed to the deed.

If a Mexican family in San Antonio, Tex., has an income of $300 a year, it is considered well off.

High Court Denies Fleishhacker Appeal

The United States Supreme Court has denied Herbert Fleishhacker, Atherton financier, review of a $651,579 judgment in a Kern County oil deal, according to Associated Press. The denial in effect sustained the trial court and the Ninth Circuit Court of Appeals.

The judgment was one of two returned against the former president of Anglo - California Bank in San Francisco. The other was for more than $500,000 involving a steel wartime deal. Fleishhacker's assets have been placed under jurisdiction of bankruptcy officials to assure conservation so that the judgments can be paid.

Ash in modern stokers for household use serves a useful purpose, according to engineers. It insulates the metal parts from direct contact with burning coals.

BARRETT 'PET PROJECT'

Lawrence Barrett of San Mateo, chairman of the State Highway Commission, said this week upon his return home that the engineering study and proposed improvement of Bayshore Hwy. between San Francisco and Palo Alto "is my pet project that I want to see completed during my term of office."

At the request of Barrett, the commission last week appropriated $25,000 for a survey of the highway to determine whether it should be rebuilt as a "high speed, no stop thoroughfare."

Barrett explained that his proposed plan for the highway would mean a divided, free-way thoroughfare. By free-way, he said he meant there would be no cross traffic on the road; that all such traffic would be routed by means of underpasses similar to the Arroyo Seco road in Los Angeles and similar highways in the East.

'PERSONAL' WITH HIM

"I drive Bayshore Hwy. twice daily and sometimes three times a day," Barrett said, "and it is a personal thing with me to push plans for improvement of this road. I consider it the most dangerous highway in the state, and I want it improved so that San Franciscans will be encouraged to come to the Peninsula to make their homes."

Barrett stated that the proposed project would be the most costly ever undertaken in Northern California and that when preliminary results of the engineers' survey are presented he will call a meeting of all interested parties from the Peninsula and San Francisco to discuss the recommendations. He added that the survey probably would be completed in preliminary form within "a month or two."

"This is going to be my pet project," the highway commission chairman repeated, "and I mean to see that everything possible is done to secure a divided, safe highway for the Peninsula."

TO AID SKYLINE PLAN

In regard to the proposed Skyline Blvd. beautification project, outlined last week after Californians Inc. loaned the services of Phillip D. Holle of Burlingame to lend aid in promotion of the plan, Barrett said that the State Highway Commission "is behind any move of that sort."

"We already are doing much work of that type and are interested in further highway beautification plans," he said. "The main thing in such a program is financing."

Barrett said he planned to attend the next meeting of the group sponsoring the Skyline plan.

ROAD WORKER JAILED

Scott Smith, Woodside Rd., county road worker, was booked at the county jail Sunday at 4:35 p.m. on a charge of petty theft. Sheriff's officers said Smith allegedly took a road scraper after a dispute in which he claimed he was the owner of the scraper.

Tuberculosis Study Planned in County

Acting on request of County Executive Frederick Peterson, Dr. A. E. O'Neill, chairman of the San Mateo County Board of Health and Welfare, has called a meeting Tuesday to launch an investigation into the tuberculosis pavilion at Community Hospital.

In a letter to Dr. O'Neill, Peterson expressed his desire to improve the condition of tuberculosis patients, asked the health board to obtain and study information from all available sources, and requested advice on the solution of "this important phase of our health and welfare program."

Peterson's request, it was learned, followed several months of personal investigation, and the report of the United States Public Health Service, which scored the pavilion as inadequate.

Dr. O'Neill said the first step probably would be to consult Dr. C. C. Gans, health director, and Dr. H. W. S. Hayes, superintendent of Community Hospital. The board chairman said he did not believe that any further action would be taken at this time on Peterson's original request for a nominee for the post of director of health and welfare.

Peterson said he hoped to avoid new construction, but said something "had to be done." He criticized particularly the wind, lack of sun, and cold food at the pavilion.

Revolver League Will Shoot Sunday

The recently formed Coyote Point Revolver League will hold the first of eight revolver matches this year at Coyote Point, east of Bayshore Hwy., Sunday, L. Furio, secretary-treasurer of the club, announced.

Shooting for teams and individuals will start at 9:30 a.m., with any one interested invited to participate.

These shoots will be held monthly for the next eight months. Five men will comprise a team, but as many as 10 may shoot, but only five high scores will be counted.

Menlo Park Woman's Sister Passes Away

MENLO PARK, Jan. 3—Mrs. Inez May Bhaer, sister of Mrs. Roy Gaffery of Menlo Park, died in Sunnyvale Monday. She was the wife of Irving Bhaer, mother of Hazel M. Scott, Lyle B. Scott, and Arthur J. Bhaer, all of Sunnyvale; daughter of Charles Cleveland; and sister of Glen and Kenneth Cleveland of Gilroy, Lyle Cleveland of San Jose, Mrs. Scott McMurdo of San Jose and Mrs. Caffery. Mrs. Bhaer was a native of Chicago.

The topaz, November birthstone, was believed to change color when in the presence of poison, thereby warning its wearer of danger.

Autoists Form Line At License Bureau

A long queue of automobile owners braved intermittent rains on Tuesday to get first chance at the stock of 1940 state license plates. Facilities of the State Highway Patrol office in Redwood City were taxed to capacity. Operations were hampered by a leaky roof which sprinkled office equipment with rainwater.

'GULLIVER' ON WAY HERE!

His Travels include a 3 day stop in Redwood City, commencing next Sunday, January 14th.

In answer to hundreds of telephone calls, letters and inquiries at the box office, the Fox Sequoia Theater announces that "Gulliver's Travels" will open a week from this Sunday, Jan. 14, for a three day engagement. Manager Hal Honore' urges parents to arrange to have their children see this highly interesting feature-length cartoon, which is filmed in lifelike technicolor. This Sunday's program, Jan. 7, is also recommended as a family program, with the Hardy family in "Judge Hardy and Son" and Charlie Chan in "City in Darkness" comprising the filmfare.

Katherine Emerson Now in R. C. Shop

Formerly a member of the State Board of Cosmetology, Katherine Emerson has returned to the staff of Bessie Craft's Marinello Beauty Shop, 763 El Camino Real. Mrs. Emerson, an electrologist, resigned from her state position recently to take up private practice.

She will be at Bessie Craft's every Friday. Appointments may be made by telephoning Redwood City 797.

The depth bomb, terror of submarines, was invented in 1903 by W. T. Unge of Sweden.

John Bracesco Dies At Menlo Park Home

MENLO PARK, Jan. 3—John Bracesco, for 70 years a resident of Menlo Park, died yesterday at his home, 888 Santa Cruz Ave. On Apr. 12 of this year he would have been 92 years old.

For many years Mr. Bracesco was a gardener on the Payne estate, now owned by the Leon Douglass family.

Three children, Mrs. Mary E. Cooley of Palo Alto, Agnes Bracesco of Menlo Park and Frank Bracesco of San Mateo, survive. Mrs. Bracesco died several years ago.

Bertha Bradley, Woodside Native, Dies With 1939

WOODSIDE, Jan. 4—The "village" was strangely quiet today as it contemplated the death of another of its oldsters, the fifth in a single month. As the old year ended, Mrs. Bertha Louise Bradley passed away at the home of Mrs. Jack Williamson, 404 Buckeye St., Redwood City, where she had been staying during a period of ill health.

Mrs. Bradley was born in Woodside 68 years ago. She was the daughter of John Carl Winkler, who came here in the 60s as the village blacksmith and wagon maker. Thirty years ago she married Charles Theodore Bradley, who died eight years ago. Their son, John Rupert Bradley, lives in Vallejo and has two children, John and Jeannette.

Mrs. Bradley was the fifth of the village pioneers to die in December. The others were Mary E. Byrne, Annie Flynn, Mary Huddart and Henry Jenkins.

APARTMENT HOUSE SOLD

Casa Robles Apartments, Fourth Ave. near El Camino Real, San Mateo, has been sold to an undisclosed buyer for $40,000, according to California Pacific Title & Trust Co. The sellers were William and Mary W. Leadley.

SUFFERS INJURIES IN FALL

Raymond Tesolin, employe of the McBain Estate, Woodside, was in Palo Alto Hospital this afternoon suffering from injuries to his hip and arm incurred in a fall from a roof shortly after noon today. Extent of his injuries was not determined, but hospital attendants said he was in a serious condition.

Falls and motor vehicle accidents killed 63 per cent of the 94,000 persons who died in accidents last year.

200 Expected at SFPI Second Annual Dinner

Advertising

Achievements, Plans Studied

San Francisco Peninsula Inc. will hold its second annual dinner next Wednesday at 7 p.m., at Hotel Benjamin Franklin, San Mateo, and has mailed more than 200 formal invitations, it was announced today by T. J. Hallinan, president.

"We anticipate a record turnout," the SFPI executive said, "including not only our own officers and directors, but also San Mateo and Santa Clara County supervisors, city councilmen, presidents, and secretaries of Chamber of Commerce, union officials, and other business and civic leaders of the entire Peninsula."

Featured speaker will be H. C. Bernsten, general manager, American Newspaper Publisher's Association, a newspaper and advertising man of many years experience. His subject, "The Greatest Show on Earth," deals with the constructive power of advertising.

The program, as being arranged by Hallinan and Granville Browning, SFPI secretary, will include a brief resume of the outstanding results obtained through SFPI's successful 1939 campaign, and a discussion of plans for the coming year.

"The decision to reopen the World's Fair provides an added stimulant," Hallinan added, "plus the diversion of European travel to the Pacific Coast. As a result of the war, and record industrial activity and dividend-payment throughout the East, travel authorities expect the greatest influx of well-to-do tourists that the Pacific Coast has ever enjoyed. This combination provides a once-in-a-lifetime opportunity for SFPI to do an exceptional 'national' advertising job right here at home."

NAMED DRAMATICS HEAD

STANFORD UNIVERSITY, Jan. 4—M. Cowles Strickland of Washington, D. C., has been appointed director of dramatics and lecturer in dramatic arts, according to announcement by Hubert C. Hefner, head of the division of speech and drama.

Relief Problem

PENSION CHISELERS PROVE WORRY TO COUNTY ATTORNEY

By DALLAS E. WOOD

"Look here," he said, shoving a small sheet of paper before the eyes of Peter J. Mancuso, assistant district attorney of the neighboring County of Santa Clara, who has charge of the welfare cases coming within jurisdiction of that office. "Look here," he repeated, as he pointed to his monthly expense list and called off the items. So much a month for rent, so much for payment on his car, so much for this, so much for that, and so much for the other things—all totaling far in excess of his $35 monthly pension.

Throwing the expense invoice down upon the desk, he shouted, "How in hell do you expect me to live on $35 a month when my expenses are that great?"

CAN EARN $15

"But the law entitles you to supplement that by earnings of up to $15 a month," said the official.

"It still ain't enough," said the complainant. "My expenses are lots more than $50 a month."

"Then the only thing to do is cut your expenses," said Mr Mancuso.

"I can't do that," said the pensioner.

"Sorry," said Mancuso, "but the law limits your pension to $35 a month."

"Hell," shouted the pensioner. "I could go to work and EARN more than that."

And that he was given the privilege of doing.

HEARS A DOUBLE SQUAWK

It's not altogether a soft job that that particular assistant in the district attorney's office has. He listens to a double-disc record squawk all day. Squawks come from people trying to get pensions when they are ineligible, or howling because the allotment isn't more, and squawks come also from taxpayers resenting use of that hard-wrung money for pensioning "folks who oughtn't to have it."

In a previous article I pointed out that the chiselers seeking admittance to the pension rolls are in the minority. But there are enough of them to be troublesome, and some are smart enough to try all the angles of deception.

To date six lawsuits have been filed in that county for recovery of pension payments collected in violation of the law which precludes from the pension rolls citizens having real property exceeding $3000 in assessed valuation and cash above a total of $500. Numerous other instances of pensions dishonestly obtained have been discovered by the sleuthing officials, but recovery of the money has been effected without resort to court action.

OFTEN CONCEAL ASSETS

Concealment of assets is a common expedient of ineligible applicants for pensions. Involved property transfers are made; bank accounts become suddenly joint affairs with relatives; money is taken out of checking or savings accounts and placed in safe deposit boxes or other hiding places; and the child abandonment racket is worked overtime.

In a suit filed against a pensioner only last week, recovery of moneys was sought when it was found that the recipient owned, in addition to property in his home county, other realty in the state where he formerly lived.

Another pensioner sold his real property for $2500, placed only $500 of it in a bank account and the balance in a safe deposit box. A neighbor witnessed the safe deposit incident and reported him to the authorities. An inspector was dispatched on the case. The safe deposit box was investigated, but no money was there. Information obtained was that it had been transferred to another safe deposit box. But the pensioner, still a jump ahead of the law, had moved it to another hiding place before that box was investigated. "But we'll catch up with him," said the assistant district attorney confidently.

TRIAL DELAYED WEEK

SAN CARLOS, Jan. 4—Trial of James Clayton Caldwell, Belmont, on charges of reckless and hit-run driving, scheduled for last night before Judge Rupert C. Johnson, was continued one week.

World registration of motor vehicles is upwards of 43,000,000 passenger cars and trucks.

P. G. & E.

Improvements Made at Plant

Extensive improvements to provide better service for Redwood City, San Carlos and Woodside are being made by the Pacific Gas and Electric Co. at its plant on Harbor Blvd. near Bayshore Hwy., according to I. B. Adams, division manager.

Total cost of the projects either just completed or in progress will be $59,500, Adams estimated.

Work at the station consists of:

1. The replacement of the present 60 KV oil circuit breakers at a rupturing capacity of 250,000 KVA with new and heavier breakers having a rupturing capacity of 1,000,000 KVA, at a cost of approximately $22,000.

2. The replacement of the present bank of transformers at this station with four 2500 KVA air cooled transformers at an approximate cost of $18,000.

3. Replacing new and heavier voltage regulators on circuits C-2, C-4 and C-5 out of this station. This will take care of the increase in loads on these circuits and insure proper regulation for some time to come. The net cost of this job will be $13,000.

4. Installation of additional station equipment on the supervisory system at station "C", Redwood City for automatic operation, in order to insure better service at a cost of approximately $6500.

The old transformers have been in service at the plant since 1926.

Auto mishaps account for only one-fifth of the disability due to accidents in the United States.
